Keywords: (max.5, please use semicolons)**Short CV: (max. 100 Words + Foto)**

Giulia Peretti is an architect working as sustainability consultant and team leader for the international engineering company Werner Sobek in Stuttgart/Germany and in particular for its sustainability and energy efficiency department Green Technologies. Her field of competence is the green building certification, indoor comfort and in particular visual comfort, and project management. With more than 12 years of experience in projects worldwide, one of her commitments is the integration of sustainable and regenerative principles and approaches into the practice, amongst others through consultancy to architects and engineers. She leads the Working Group 3 and was the scientific director of the TS3 in Bolzano.
